RESIDENTIAL CUSTOMER NOTICE

On June 27, 2008, Northern Indiana Public Service Company (NIPSCO) filed a petition with the Indiana Utility Regulatory Commission (IURC) to adjust its rates for its electric utility service. On August 29, 2008, NIPSCO filed with the IURC its proposed changes in its electric rates. If the proposed changes are approved by the IURC, the electric bill for a typical residential customer would increase by about 8.86% or about \$7.24 per month. The following table shows the impact at various monthly usage levels:

Step 1 Residential Customer				
Monthly Usage (kilowatt hours)	Current Bill	Proposed Bill	Increase Amount	Percent Increase
600	\$67.90	\$74.47	\$6.57	9.68%
Average 735	\$81.68	\$88.92	\$7.24	8.86%
800	\$88.31	\$95.87	\$7.56	8.56%

NIPSCO also proposes a second increase to take effect no later than June 2010 when its Sugar Creek Generating Station will be able to supply energy to the energy market in which NIPSCO's service area is located. The second step of the rate adjustment would increase the typical residential customers bill by about 6.64% or \$5.90 per month. The following table shows the impact at various monthly usage levels:

Step 2 Residential Customer				
Monthly Usage (kilowatt hours)	Current Bill	Proposed Bill	Increase Amount	Percent Increase
600	\$74.47	\$79.33	\$4.86	6.53%
Average 735	\$88.92	\$94.82	\$5.90	6.64%
800	\$95.87	\$102.28	\$6.41	6.69%

NIPSCO must receive formal approval from the IURC before it can make a change to its base rates. A rate case is a process which includes the Indiana Office of Utility Consumer Counselor (OUCC) which represents all customers, and other intervenors who participate in the hearings and request additional information from the utility. The process can take up to 12 to 18 months before the new rates are approved by the IURC and are applied to customer bills.
